

## Shock "N" Awe Wha™

Thank you for purchasing one of my favorite new products, these are the same designs as I use in my custom pedals.

These Modules are used by some of the top guitar players in the world, giving them the extra gain and edge to get their signature sounds.

The Shock "n" Awe Wha™ is Great all the way from classic Voodoo Chile... to biting funk.. Custom-voiced with a Authentic '60's Vox type inductor for a sweet thick singing top end and full dynamic range.

Now you can command the same killer wah tone as your floor model, a highly versatile wah-wah of top-grade components.

High Performance and Quality that you can only expect from Lee Jackson.

More vocal-like feel and tone, and its true hardware bypass,

Or make your Instrument stand out over the rest.

### Operation:

When bypassed (pressed IN) controls don't work (True Bypass).

Activating Module (Pressed OUT) the Shock "n" Awe Wha™ is on.

### Control:

This controls the frequency response, rocking the control back and forth will give you sweet thick singing top end, and a full fat bottom.

### Power:

The modules can be powered by a single 9 v battery.

You can power multiple modules on one battery.

**Make Sure you unplug the Instrument after use to preserve battery life.**
